**WE BUILT IT.
WE KNOW IT.**

**MOPAR® IS ORIGINAL EQUIPMENT —
DESIGNED BY THE SAME PEOPLE WHO
MADE YOUR RAM BRAND VEHICLE.**

**NO ONE UNDERSTANDS THE ENTIRETY
OF YOUR VEHICLE'S FUNCTIONALITY
AND DESIGN LIKE WE DO.**

**WE DON'T DESIGN PARTS OR
ACCESSORIES IN A VACUUM.**

We consider the vehicle as a whole when engineering our components. Our parts are exclusively designed to complement your vehicle without compromising its aesthetic, functionality and performance.

OUR STANDARDS ARE SKY HIGH.

Factory original equipment must adhere to a strict standard of testing. Drive with confidence knowing your Mopar® Parts and Accessories have passed this rigorous testing.

WE ONLY USE THE GOOD STUFF.

We only use high-quality materials because we know that our parts and accessories will impact the appearance, durability and value of your vehicle for years to come.

WE HAVE IT. OTHERS DON'T.

Only Mopar has direct access to your vehicle's specifications. This information allows us to use an integrated design approach to create precise-fitting parts and accessories.

EASY-AS-IT-CAN-BE INSTALLATION.

Installing aftermarket pieces often requires cutting/drilling into the vehicle body. Most Mopar Accessories use existing openings and weld nuts for secure installation. This makes the job easier, keeps rust and corrosion away and helps protect the structural integrity of your Ram Brand vehicle.

A. HARD FOLDING TONNEAU COVER:⁽¹⁾⁽²⁾ Features an attractive, low-profile design with rigid panels and a high strength aluminum frame, providing superior security and protection; a hidden/quick-release latch system that automatically locks panels when shut — simply lock the tailgate to secure the bed; and an advanced sealing technology for weather resistance. Truck can be driven with cover fully closed, partially closed or fully open, providing full bed access. Made in the U.S.A.

Cover is constructed with rails built of durable aluminum material for structural strength and a high-quality canvas that can hold up against extreme weather conditions. [82215863AB - 5' 7" Bed] [82215862 - 5' 7" Bed with RamBox] [82215864AB - 6' 4" Bed] Utility Rails required for use with the 5' 7" RamBox Bed. [82215810AB]

C. ONE-PIECE TONNEAU COVER IN BODY-COLOUR:⁽¹⁾⁽²⁾⁽³⁾ Outstanding protection designed specifically to complement the style of your Ram pickup. Constructed of a lightweight yet super-strong polymer compound with a patented "X-factor" foundation, our One-Piece Tonneau Cover won't weather or crack — unlike comparable fibreglass products. Advantages include a double-seal system, over-rail design, colour-match automotive paint finish, integrated interior dome light. See your retailer for a part number specific to your vehicle's specifications.

D. SOFT ROLL-UP TONNEAU COVER:⁽¹⁾ Requiring no special tools or drilling, this top-mount tonneau cover utilizes preset tension controls to keep the cover tight and looking good — year-round and even in the harshest of climates. Straight cross-tubes ensure a smooth, flat appearance when closed while side dual-paddle latches securely fasten the cover to the bed. Made in the U.S.A. of quality-constructed, versatile and durable material.
