# Our kitchen styles explained

Intelliga kitchen

## What is an Intelliga kitchen?

Our most premium range of truly handleless kitchens. A discreet metal rail is built into the cabinet, creating space to reach the doors and pull open with your hand. Drawers are opened with either a push or pull, leaving you with the most stunning seamless and streamlined look.

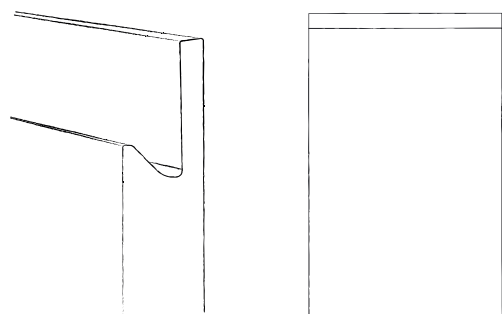

Intelliga

J-Pull kitchen

## What is a J-Pull kitchen?

J-Pull is a handleless style that has a 'J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek modern look to your kitchen.

## What is a Shaker kitchen?

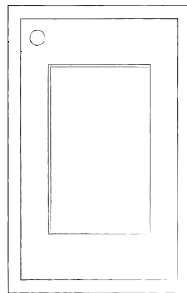

Shaker-style doors generally consist of a 4-piece frame with a recessed centre panel. The frame is traditionally wide, whilst the Chester range offers a more contemporary narrow option. Our Heritage range is a shaker-style door within a frame, which offers a different take on this timeless classic.

## What is a Slab kitchen?

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary look, or use cup and knob handles to make it more classic.
