## CLEANLINESS

### WE IMPROVE STANDARDS OF CLEANLINESS AND THUS EFFICIENCY IN PRODUCTION FACILITIES AND WAREHOUSES

We will help you to maintain the highest standards of cleanliness, organisation and hygiene in your production facilities and warehouses under both normal and specific conditions.

- cleaning and maintenance of machines
- cleaning of surfaces and cleaning of work
- organisation of production facilities using the 5S system
- personal hygiene

# ECOLOGY

We are experts in the storage of hazardous substances, spill management and waste management.

## CONTAINERS FOR STORAGE OF LIQUIDS

- IBC containers
- plastic and metal barrels with lid or stopper

## CATCH BASINS AND FLOORS

- plastic and metal tubs
- covered catch basins
- catch floors

## CONTAINERS FOR HAZARDOUS SUBSTANCES

- containers for combustibles
- hazardous waste bins
- wetting containers

## EMERGENCY KITS

- cleaning
- oil
- chemical
- by size

## CONTAINERS

- rubbish bins
- waste sorting
- wall mounted bag holders

## SEALANTS

- emergency sealants
- sealing plates
- bandages

## TIPPING CONTAINERS

- metal and plastic containers for solid waste
- containers with outlet
- stackable containers

## BARREL HANDLING

- carts and trolleys
- hooks and chains
- manipulators

## POLYETHYLENE BAGS

- different colours
- sizes and thicknesses

## OUTDOOR WASTE RECEPTACLES

- containers
- ashtrays
- waste sorting

## CARTRIDGES, FILTERS

- filter networks
- sewage filters

## LABELLING OF PACKAGING AND SUBSTANCES

- GHS safety marking
- pressure cylinder marking

## SAFETY CABINETS

- cabinets for chemicals
- corrosives
- fire-proof enclosures

## EFFECTS AND CATCH BASIN

- plastic
- steel
- with grate

## STORAGE OF PRESSURE CYLINDERS

- fire-proof enclosures
- internal cabinets
- cages

## BULK SORBENTS

- cleaning
- oil
- chemical

## WAREHOUSES, CONTAINERS AND RACKS

- outdoor warehouses and ecowarehouses
- fire-resistant containers
- racks for drums and IBC containers

## CANISTERS AND PUMPS

- rotary pumps and pumps
- plastic and metal canisters
- funnels

## TEXTILE SORBENTS

- cleaning
- oil
- chemical
- mats
- carpets
- snakes
- pillows

# SAFETY

We protect and prevent employee health damage to property in production and warehouses.

## HEALTH PROTECTION

- first aid kits
- defibrillators
- eye washes
- body and eye showers

## FLOOR MARKINGS

- floor tapes
- stock marks
- marking of stairs

## FENCING POSTS

- metal
- self-retracting
- columns and cassettes

## MEANS OF ESCAPE

- escape hoods
- breathing apparatus

## SAFETY MARKINGS

- custom
- command
- combined
- escape
- fire

## PIPE MARKING

- roll and sheet marking
- flow direction marking
- valve marking

## SAFETY MIRRORS

- spherical
- observation
- inspection
- industrial
- transport

## PHOTOLUMINESCENT MARKING

- escape
- spatial
- fire

## ANTI-SLIP MEANS

- floor tapes
- anti-slip tapes
- stock marks
- marking of stairs

## WARNING AND ORIENTATION MARKINGS

- reflective tapes
- photoluminescent warning tapes
- orientation tapes

## METAL BARRIERS

- columns
- arch barriers
- bumpers

## SAFETY KNIVES

- foil cutters
- knives and blades

## INDUSTRIAL MATS

- modular
- solitary
- non-slip
- oil

## PLASTIC BARRIERS

- railings
- shelf protection
- columns

## PROTECTIVE BARRIERS

- plastic and metal barriers
- mobile barriers
- posts and chains
- traffic cones

## POSTS AND CHAINS

- plastic and metal posts
- various chain colours
- carriages

## LOCKOUT TAGOUT

- locks and clasps
- valve caps
- caps for circuit breakers
- LOCKOUT TAGOUT kits

## PERSONAL PROTECTIVE EQUIPMENT

- respirators
- glasses and shields
- vests and helmets

# CLEANLINESS

We help maintain standards of cleanliness, organisation and hygiene in production and warehouses.

## SORBENTS

- textile and bulk
- cleaning
- oil
- chemical

## EMERGENCY KITS

- cleaning
- oil
- chemical
- by size

## WASHING TABLES, DEGREASING LIQUIDS

- washing tables
- degreasing liquids

## STOCK MARKS

- floor pockets for documents
- stock floor signs

## PERSONAL HYGIENE

- paper towels
- hand soaps
- hand disinfection
- toilet papers

## MARKING WHEELS

- textile wheels in different colours
- electric feeder

## INFORMATION AND PRESENTATION SYSTEMS

- hanging bases and brackets
- hanging foils

## WINTER MAINTENANCE

- containers for sprinkling
- brooms
- gritting material
- gritting trolleys

## EFFECTS AND CATCH BASINS

- plastic
- steel
- with grate

## WASTE CONTAINERS

- tipping containers
- outdoor and indoor
- metal baskets

## FLOOR TAPES

- standard
- durable
- very durable
- extremely durable
- non-slip
- point markings

## INDUSTRIAL CLEANING

- cleaning systems
- furniture
- floors
- glass
- bathrooms/kitchens

## INDUSTRIAL WIPES

- textile
- paper
- sticky
- degreasing
- moistened

## CLEANING ROOFS

- indoor and outdoor mats
- disinfection mats

# SERVICES

## FIRST AID COURSE

We offer several options for first aid training under the guidance of medical professionals with many years of experience. They will advise you on how to reduce workplace injuries and train you and your employees on what to do in the event of a health hazard. You will be able to practice first aid yourself and receive a certificate of professional training.

## EMERGENCY PREPAREDNESS TRAINING

We will prepare you so that you can eliminate any accident in your operation quickly and efficiently. We'll explain what emergency preparedness involves, show you how to use emergency kits and advise you on how to prevent potential accidents right at your workplace.

## REVISION OF EMERGENCY KITS

Make an appointment with one of our expert advisors. They will come to your site and inspect all emergency kits. They will alert you on what needs to be replaced or replenished, and give you a structured quote for the items you need. They will mark each breakdown kit with an inspection tag with the date of the next inspection.

## STATUTORY REVISION OF FIRE-RESISTANT ENCLOSURES

We can provide inspection and servicing of your fire cabinets. We will provide a detailed inspection of the fire protection mechanism, including the ventilation system, seals, locks and thermal protection. This way you will always have your fire-resistant enclosures in 100% condition.

## LOCKOUT TAGOUT SIMPLY

Secure your workplace and prevent workplace accidents. The LOCKOUT TAGOUT (LOTO) system will protect your employees and industrial equipment. The LOTO system is tailor-made for you. We will prepare all the documentation, train you and supply you with all the necessary components.

## MASTER KEY SYSTEM

We will design a master key system for you and arrange its production, delivery and installation. We offer a complete project solution, including the deployment of a master key system, from 10 cylinders. Access to your facility will then be clear, convenient and professionally secured.

## TRAINING FOR DEVELOPING A SAFETY CULTURE

Emphasis on workplace safety and employee health is one of the fundamental values. Become a leader in safety and develop a culture of OSH. Order a safety strategy management course for company management and motivational training for other employees motivational to help transfer your safety principles throughout the entire company.

## SPECIALISED ASSEMBLY AND INSTALLATION

We provide quality assembly and ensure professional advice. You don't have to worry about studying technical documentation and manuals. Our trained technicians will provide the necessary installation material and then install protective barriers, signage, industrial mirrors, mats and other elements. In addition, they will provide you with expert advice.

## FLOOR SERVICE

We will design safety floor markings directly for your facility and implement the project. We will repair joints, cracks and holes in your floors and remove anchoring elements from them. We will also clean your floors, walls and ceilings with specialised techniques.

## LOOKING FOR CONTEXT

We're more than a catalogue company. We bring you a complete solutions.

# SHOP COMFORTABLY

Our [www.happyend.cz](http://www.happyend.cz) website contains a complete range of our products and services, current product news, trade events and specialist information.

## FAVOURITE ITEMS

Save the items you frequently buy and create orders without wasting time.

## FILTERING

Narrow the product range down according to your priorities and find the right product faster.

## SHOPPING IN A FOREIGN CURRENCY

You can shop in Czech crowns or euros.

## BLOG

In the Blog section you will find expert articles, interesting facts and practical tips from the industry.

## NEWS TO YOUR EMAIL

Subscribe to our regular newsletters from the world of traffic ecology, safety and cleanliness.

## PRODUCT COMPARISON

Compare different product types, learn about their differences and choose the right one for your needs.

## PAYMENT CARDS

We accept bank card payments.

## CLIENT ZONE

Registered business customers can use various practical features of our site, such as viewing order history and repeat orders, setting individual product codes, etc.

## ATYPICAL ORDERS

For selected products, you can choose the exact size that you need.

## E-PROCUREMENT

You can connect our e-shop with your system (PunchOut catalogue, XML feed).

## REFERENCES

Our customers are our partners.

” We supplied plastic barriers, traffic mirrors, floor signage and much more to ensure work safety in the new operation.

” We implemented a master key system at the VF Corporation distribution centre.

ArcelorMittal

” We have designed an anticollision system and increase the safety of corridors for handling equipment and pedestrians at their crossing points.

” We installed an industrial floor cleaning system in the DHL logistics centre. The high-efficiency concentrate and dilution unit system made cleaning more efficient and reduced cleaning costs.

” We have equipped the operation with emergency kits and regularly carry out their revision. We thus contribute to to prepare for an accident involving a release of hazardous substances.

” We designed a customized Lockout Tagout (LOTO) system and helped put it into practice.

” We installed protective barriers in the food processing plant to ensure the protection of pedestrians and storage racks.

” We supplied MPM protective profiles to the new food processing plant of the dairy plant and thus contributed to the protection of the health of the employees and the equipment of the plant.

” We designed and installed a system of floor markings and protective barriers to increase safety and work efficiency.

” We’ve come up with a comprehensive solution to secure the drops and spills of hazardous substances.

” In the distribution warehouse, we have improved the ergonomics of the workplace with industrial mats and increased workplace safety with safety floor markings.

” We supplied catch basins for drums and IBCs so that the storage of hazardous substances is as safe as possible.

” We designed the LOTO system with regard to the specific requirements of the operation and put it into practice.

” In the new hall in Prostějov, we installed flexible pole protectors, protective barriers and traffic mirrors to ensure a safe and efficient workplace.

” We designed and applied the LOTO system for the food processing plant. We have also increased the safety of the workplace by using protective barriers.

” We regularly supply personal protective equipment to the plant and help with spills and leaks of hazardous substances.
