Ottawa

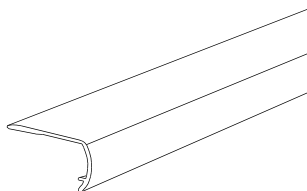

Thanks to this system, you can create a beautiful uniform floor without unsightly transitions.

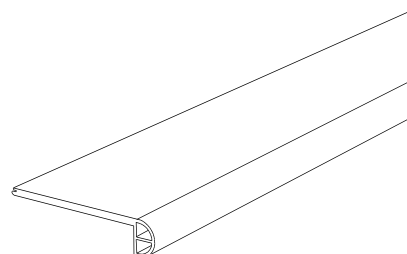

The system includes all floor elements and accessories in complete sets. You can choose the appropriate transition profiles, skirting boards, stair elements and floor accessories for each floor decor. The individual floor decors are available in different floor collections, which differ in their design.

Egibi Floor System Floor decors

Discover the beautiful decors of Egibi Floor System. This wide range of decors faithfully captures the true look of wood, concrete and natural stone.

Calgary

Inspired by the largest city in Alberta, Canada. Calgary flooring brings a unique design based on the vibrant colours of Nordic natural wood with an acknowledged putty detail.

Egibi Floor System floor decors

Edmonton

The most distinctive decor of Canadian Design is undoubtedly Edmonton. This decor of vibrant brown wood will bring a bit of the wilderness to any interior.

Vancouver

Although the dark grey Vancouver decor might seem bland, the opposite is true. Vancouver decor will make anyone feel cosy apartment and home and help create a warm and peaceful atmosphere of the home.

Egibi Floor System floor decors

Toronto

The Toronto decor with its light tones will make the interior of the home cosy and brighten it up.

Golden

Golden presents one of the best-selling Egibi Floor System decors. The distinctive colour of natural wood with golden hues has already been loved by a large number of owners.

Egibi Floor System floor decors

Victoria

The dark brown Victoria perfectly captures the texture of oak in all its natural beauty. This decor is elegant and its colours stand out in a large number of interiors.

Hamilton

Hamilton captures the charm of late summer with its colours and is particularly suitable for lighter interiors.

Egibi Floor System floor decors

Kingstone

Kingstone stands out for its distinctive annealing.

Montreal

Like Calgary decor, Montreal faithfully captures the admitted sealant, which nicely breaks up the uniformity of the floor.

Egibi Floor System floor decors

Ottawa

Ottawa is one of the more monotonous decors. With its soft colours, it can evoke a calm atmosphere.

Wild Rocky

No other Egibi Floor System decor captures the beauty of the wilderness as convincingly as Wild Rocky, which is indistinguishable in its textures from natural stone.

Egibi Floor System floor decors

Nice Grey

The simple and sleek Nice Grey decor is a great choice for the bathroom or interior in an industrial style.

Jägerndorf

Do you like the herringbone pattern? Decor Jägerndorf brings you this pattern in the form of our selected SPC RIGID Herringbone flooring.

Egibi Floor System floor decors

Grey concrete

This decor captures concrete in its true form.

Regina

Regina captures medium grey shades of oak and brings a touch of Scandinavia to the interior. It perfectly captures the trends of modern floor decors.

Egibi Floor System floor decors

Canmore

Annealed decor Canmore is a great choice for any type of interior. It stands out especially when combined with a large amount of solid wood furniture or paneling.

Jasper

The neutral Jasper decor is a great choice for children's and living rooms, bedrooms and kitchens. Its great colours make it a suitable choice for most interiors.

Egibi Floor System floor decors

Vernon

Simple and elegant. Not only these features characterize the grey-brown Vernon decor.

Barrie

The light colours of the Barrie decor are suitable for spacious and light interiors. It is a neat and elegant decor.

Egibi Floor System floor decors

Banff

The Banff decor captures the grey shades of natural oak. It projects the shades of older wood and is a suitable choice for light interiors.

Winnipeg

Winnipeg captures the rustic look of wood and brings a touch of the wild to any interior.

Egibi Floor System floor decors

Windsor

The light Windsor decor captures the minimalist and subtle oak decor in very light colours.

Nature concrete

Nature concrete captures the rawness of concrete and is a suitable decor for the bathroom, or industrial-style interiors.

Egibi Floor System floor decors

Beige stone

Beige stone is a capture of natural stone. It is a decor with distinctive features of stone and rock.

Egibi Floor System

Precise presentation of natural wood, stone and concrete
with the benefits of SPC RIGID and LVT.

Our floors and accessories are matched to the same
patterns and colours.

SPC Rigid floor Canadian Design Premium XXL

Canadian Design Premium XXL is a premium vinyl SPC RIGID floor with a 0.5 mm thick tread plate and 2G/5Gi Välinge locks. This combination of performance features delivers not only durability and longevity, but also ease of installation. The 0.5mm thickness of the footplate makes Canadian Design Premium XXL resistant to wear, scratches and abrasion, making it an ideal choice for high traffic environments. Thanks to the integrated underlay, the floor has excellent acoustic properties and is suitable for hot water underfloor heating.

Egibi Floors Adhesives

Suitable for selected floors and accessories.

Egibi Fix Profi adhesive

DESCRIPTION FIX PROFI adhesive based on MS polymer, which exhibits immediate fixation of the joint without the use of clamps and bracing. Load capacity on curing 22 kg / 1 cm². Solvent and silicone free.

MATERIALS Excellent adhesion to wood, MDF strips, board materials such as SPC RIGID, PVC, OSB, MDF, MFP, DTD and HDF boards, hobra, grout, lath, window sills, staircases, BIO boards, sololite, sololite, aculite, plywood, rattan and bamboo. Excellent adhesion to stainless steel, aluminum, copper, masonry, plaster, stone, plasterboard, ceramics, glass, etc.

USAGE Gluing of shelves, window sills, thresholds, staircases, skirting boards, wooden and panel tiles. Gluing of waterproof joints interior and exterior. Replaces nails, screws and rivets. Instantly „holds“ the glued object upright and on the ceiling.

- ✓ plywood
- ✓ rattan
- ✓ bamboo
- ✓ stainless steel
- ✓ aluminium
- ✓ masonry
- ✓ and more ...

Adhesive for floor coverings PROFESIONAL

DESCRIPTION

It is a professional solvent-free, dispersion-based floor adhesive. It creates a permanently strong, elastic bond. Immediate and easy to use, easy to spread. High adhesion to absorbent materials. For bonding floor coverings to absorbent substrates.

MATERIALS

Bonding of vinyl parts, carpets (longitudinal fibre), needle-punched carpets (perpendicular fibre), homogeneous PVC, cork, PVC on foam, PVC with felt, CV coverings, linoleum, bonding of coverings also on vertical walls (PVC), on concrete substrates, levelling compounds, mineral substrates, chipboard and cement board, can also be used on plywood, polystyrene or polyurethane.

BASE

The substrate should be dry, clean, degreased and free of old adhesives. For gluing, the substrate must always be absorbent; if it is not absorbent, the glue will not dry or, depending on the size of the area, will take a long time to dry. The adhesive has a so-called „touch-up“ and is still sticky. Thanks to this effect, the covering can be renovated again at any time without sanding.

USAGE

Apply the adhesive to the substrate using A1 or A2 trowel for PVC roofing. Installation time is 20 to 50 min. at +23 °C. If the temperature is higher, the time is reduced. If possible, fix and load the bonded joint. Full curing is after 24 - 72 hours (depending on the substrate and adhesive thickness). Minimum application temperature +15 °C to +30 °C. Adhesive consumption 250 - 450 g/m² (depending on substrate absorbency and type of squeegee used).

Product name	Order code	Package
Adhesive PROFESIONAL	8595100179630	5 kg / 1 pcs

- ✓ High adhesion to vinyl coverings
- ✓ Long open time
- ✓ Also suitable for underfloor heating
- ✓ Easy application

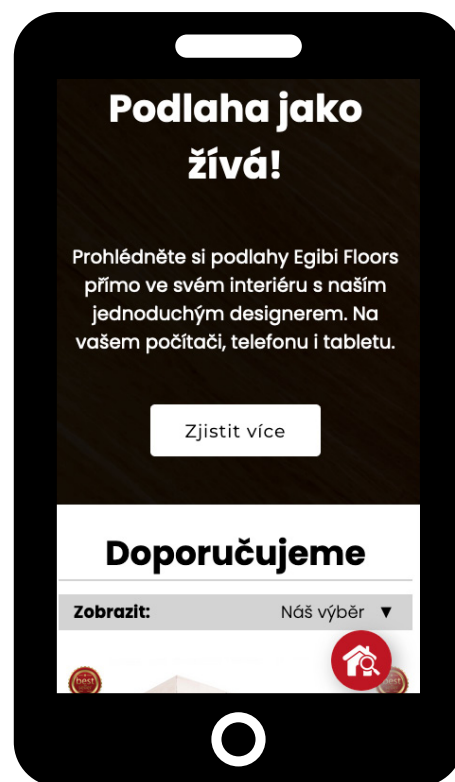

Egibi Floors Designer

We have prepared for you Designer Egibi Floors. This is an easy and useful tool that can be found on the websites www.egibi.cz and www.egibifloors.com, but also in this catalogue. You can use it on your computer, tablet and smartphone.

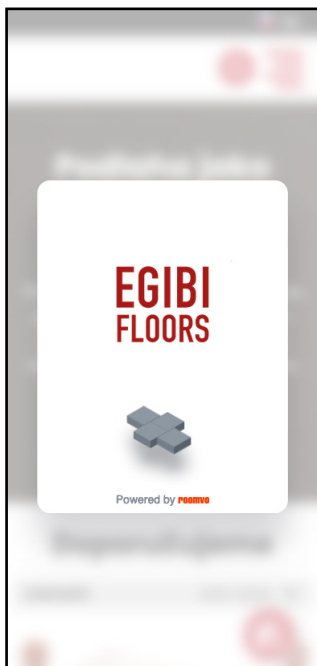

Demonstration of using the designer on a smartphone

1a On the website www.egibi.cz or www.egibifloors.com click on the little house icon in the red circle. This will launch Egibi Floors Designer.

1b Using your smartphone scan the following QR code. This will launch Egibi Floors Designer.

2

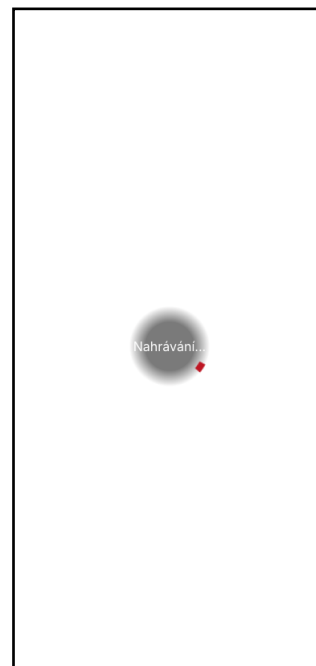

Wait for loading
Egibi Floors Designer.

3

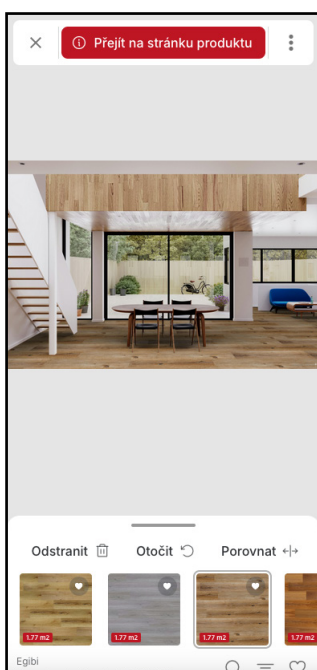

Take a photo of your
room, use an existing
photo, or choose one of
our rooms.

4

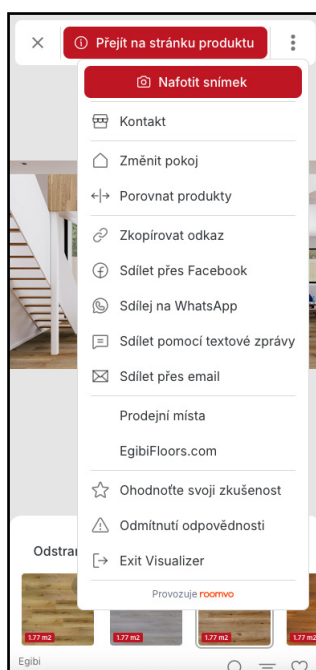

Wait for the upload.
Designer prepares the
selected room.

5

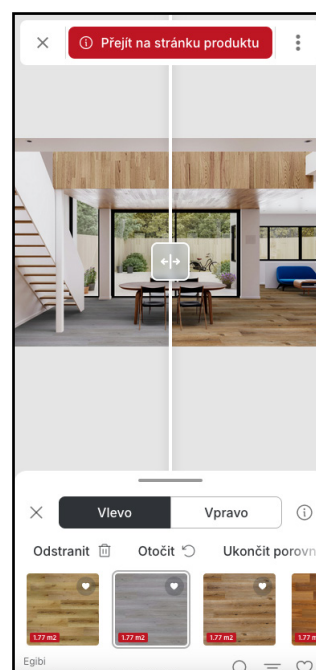

Now you can see the Egibi
Floors flooring in the se-
lected room. You can switch
floors using the bottom
navigation bar.

6

Use the drop-down menu
(top right) to change the
room, share preview to your
friends, or search for Egibi
Floors sales locations.

7

You can also compare the
floors in the room with each
other or choose to lay them
lengthwise or crosswise. You
get a preview of the room
according to your wishes.
